

SUSHMA KOODALI

Hildesheim, Germany | sushma.gargya@outlook.com

PROFESSIONAL SUMMARY

I am a **Junior Software Developer** with a Master's degree (MCA) and a solid foundation in **Java, C#, and ASP.NET**. During my studies and initial projects, I developed a strong interest in backend systems, including work on multi-threaded applications and pattern recognition. I am comfortable using **GitHub** for version control and enjoy exploring how **AI tools** like GitHub Copilot can help write better code.

Currently based in Germany, I speak **fluent English (C1)** and **intermediate German (B1)**. I am looking for a role where I can solve technical problems, learn from experienced mentors, and contribute to a global team. My goal is to work hard, improve my programming skills, and grow into a reliable Software Engineer.

TECHNICAL SKILLS

- **Languages:** Core JAVA (Certified) , C++, C# (Learning), HTML5, CSS.
- **Frameworks & Scripting:** ASP.NET MVC, JavaScript, HTML, CSS.
- **Core Concepts:** OOP (Object-Oriented Programming) , SDLC.
- **Databases:** Basic MS SQL (Design & Querying).
- **Tools:** GitHub (Version Control) , Eclipse, Visual Studio, Visual Studio Code.
- **Language Proficiency:** English (Professional) , German (B1 - Intermediate).

PROFESSIONAL EXPERIENCE

Web Application Developer | IDEONICS Ideas & Electronics Bangalore, India | July 2014 – July 2015

- **Full-Stack Development:** Designed, developed, and deployed responsive web-based solutions using **C#, ASP.NET MVC, HTML, and CSS**.
- **Collaborative Engineering:** Partnered with cross-functional teams to build digital platforms tailored to diverse client needs, ensuring technical sustainability.
- **Feature Implementation:** Developed bespoke web services and integrated third-party systems to enhance platform functionality.

Software Developer Intern | Pushkala Technologies Pvt Ltd Bangalore, India | Feb 2018 – July 2018

- **SDLC Lifecycle:** Gained hands-on experience in the **Software Development Lifecycle (SDLC)** within a professional Agile team environment.
- **Quality Assurance:** Assisted in the development and rigorous testing of software modules to ensure high-performance standards.
- **Technical Expansion:** Acquired fundamental **Python coding** skills and applied them to internal automation tasks and software module development.

TECHNICAL PROJECTS

Messenger Application | Java / Multi-threading

- Designed and implemented a messaging tool to demonstrate **Single-process and Multi-process Thread operations** in Java.
- Applied OOP principles to ensure the code is modular, technically sustainable, and future-proof.

Chemical Tracking System | R&D Laboratory

- Developed a tracking system for liquid chemicals featuring **automated Email Notifications** for access approvals.
- Built reporting modules utilising **Graph Statistics** for data visualisation and transparency.

Obscure Character Recognition (OCR) | Automation

- Engineered a pattern recognition application to detect product labels, facilitating **automated billing** for smart retail environments.

Web & E-Voting Platforms

- Created various digital solutions including a professional Photo Studio website and an **E-voting system** for large-scale college elections.

EDUCATION & CERTIFICATIONS

- **Master of Computer Applications (MCA):** BMS College of Engineering, Bangalore, India.
- **Certification in Core JAVA:** Uttara InfoSolutions, Bangalore, India.
- **Bachelor of Computer Science:** Physics, Mathematics & Computer Science, India.
- **Maternity Break (2020–2024):** Focused on childcare and family management.
- **German Language Course B1 (2025):** Volkshochschule, Hildesheim, Germany.

INTERESTS AND HOBBIES

Volunteering and organising events, Badminton, Yoga, Sketching and Painting.
